To our friend and Project Mayday supporters

Back Home Again in Indiana.....

This late last year, Bev and I moved from Glendale, Arizona, after twenty-two years, back to Indiana. We left a lot of friends with the fire service, our church and our neighborhood.

Some of you may know but Bev has Stage Two Alzheimer's and we felt at this time we needed to be close to family. I thank all of you who sent cards, e-mails, text messages, phone calls and prayers about her situation and our moving. Here, we have two sons, two daughters, five grandchildren and three great grandchildren. I believe this is the spark that Bev needed to help her through tough times.

I can tell you this has been a big challenge, this disease takes away the best you. Bev was always good with faces and names, dates, talking to fire departments in grather the information we need in Project Mayday and getting families help locally. On page two is a poem that I read every morning, it helps me get through the day.

I thank BC Dave Olsen, Capt. Billy Glaze, and FF Rich Stover for carrying the torch in October and November, great job!

We will continue to provide mayday reporting and data collect, that will be passed on to those interested in saving firefighter lives.

God Bless

Bev & Don

not ask me to remember

***Don't try to make me understand
Don't try to make me understand
Let me rest and know you're with me
Kiss my cheek and hold my hand***

***I'm confused beyond your concept
I am sad and sick and lost
All I know is that I need you
To be with me at all cost***

***Do not lose your patience with me,
Do not scold or curse or cry
I can't help the way I'm acting***

***Just remember that I need you,
That the best of me is gone.
Please don't fail to stand beside me
Love me 'til my love is done.***
